MORE ABOUT SPEC MIX:

SPEC MIX is the construction industry's national source for high quality; factory preblended cement-based building products for the construction industry. With more than 60 manufacturing facilities in all major markets across the US and Canada, SPEC MIX production plants utilize state of the art batching equipment and the finest materials to ensure total quality control throughout your project. SPEC MIX offers a deep line of masonry mortars and grouts, stucco and industrial products including various patented silo systems to maximize a contractor's productivity and safety. The mission of SPEC MIX is to keep your jobsite team going, moving and working safely—all day, every day.

NOTE USE OF TERMS:

Please respect all legal trademarks for trade use. In print, the correct way to refer to the competition event is the 2018 SPEC MIX BRICKLAYER 500® Regional and 2019 SPEC MIX BRICKLAYER 500® World Championship, case use as shown. When writing about our corporation the correct way to write our corporate name is SPEC MIX®. If referring to SPEC MIX brand the correct way is SPEC MIX®. The ® mark should always be used on the SPEC MIX BRICKLAYER 500® name and SPEC MIX® the first time either term is used in body copy and always used when either term is in a headline or sub-headline.

If any of these title terms are used for mass media news or editorial use, we ask that the full term be used at least once at the beginning of the article, thereafter, "event or competition" would be acceptable terms. Please do not cut, rename or edit the legal trademarked name of the event so as to maintain the legal brand name and its integrity.

If you have any questions regarding this event, contact the following:
